---

## Training Agreement

Name :-----

Date of Birth:-----Telephone:-----

1. This is not guarantee that training class will qualify any trainees to place in any category at the tournament. Each competitor has different skills and limit of improvement in training because everyone has different body, habit and most importantly a different kinds of stress.
2. Signing this agreement and paying for the course do not guarantee that you will stay in the training class. There are no refunds for payment if member is dropped or if member withdraws from the team.
3. DISCIPLINE: If you feel the discipline methods are too strong for your child during training, instead of complaining, simply withdraw from the team. As a parent please do not try to get involved in the teaching methods or give advice to the staff on how to teach martial arts or discipline children. If as a parent you think your child is experiencing unnecessary stress then this is not for you. We suggest that if you fear that it might be too tough but you still want to stay on the team that members are dropped off.

**\*\*\*Parent certifies that member is in good health**

**\*\*\*Uniforms, seminars, tournaments etc are separate fees not included in the term of this agreement.**

I acknowledge to have read (or to have read to me)the term of this agreement in its entirety.
